7) There is enough of space for constructing two more wards
out of the donation of Rs.10,000/- offered by the wife of the
late donor. The donation offered may be accepted. A modified
plan including these two wards has been prepared and the entire
building is estimated to cost Rs.1,01,000/-. The Municipal
Council, Mysore, who were requested to intimate their willingness
as to their quota of cost towards the following *additional staff
required and towards the cost of the proposed additional wards
have resolved that they are prepared to meet the initial and
recurring charges and not in favour of contributing anything
towards the cost of the additional wards. A copy of letter

 Estimate was only Rs. 45,000 and excluding the
 donation of Rs. 15,000 and the municipal contri-
 bution of Rs. 15,000, the balance of Rs. 15,000 was
 authorised to be met out of Government funds.
 But the estimate now revised works up to Rs.1,01,000
 and excluding further donation of Rs. 10,000, the

Subject: Construction of a Women's Hospital at Chamundipuram, Mysore, at a revised estimated cost of Rs.10,1000/- as against Rs.45,000/-.

The construction of a building for the Women's Hospital at Chamundipuram, Mysore, to be named as "Seth Mohandas Tulsidas Women's Hospital" at an estimated cost of Rs.45,000/- was sanctioned in G.O.No.M.6949-53/Med.98-44-1 dated 30th January 1945.

The President, Municipal Council, Mysore, has sent a modified estimate for Rs.1,01,000/- for the said building in consultation with the Chief Medical Officer as the donar's wife has offered another sum of Rs.10,000/- for adding two more wards (subject to certain conditions agreed to by the Municipal Council). The Municipal Council, Mysore have resolved that in view of their slender resources and of the heavy recurring charges of the institution, their contribution will remain at Rs.15,000/- as previously resolved.

When the papers were submitted to the Minister for Education he minuted as under:-

"The excess cost may be met by the Government by treating the Municipal quota as an advance which can be recovered next year".

The Financial Secretary is of opinion that the total cost of the estimate minus the donations of Rs.25,000/- should be equally divided between the Municipal Council, Mysore and the Government which comes to Rs.38,000/- for each and that after deducting Rs.15,000/- already promised the balance still due by the Municipal Council would be Rs.23,000/-. This suggestion has been approved by the Minister for Education and Dewan who has agreed to the disposal of the question of sanctioning the revised estimate by circulation.

Subject: Construction of a Women's Hospital at Chamundi Puram, Mysore, at a revised estimated cost of Rs. 10,1000 as against Rs. 45,000/-

The construction of a building for the Women's Hospital at Chamundi Puram Mysore, at an estimated cost of Rs. 45,000 was sanctioned in G.O. no. M. 6949-53/M 98-44-1 of 30-1-45.

to be named as "Seth Mohandas Subsidar Women's Hospital"

The Pst. M.L. Bd. Mysore, has sent a modified estimate for Rs. 10,100 for the said building in consultation with the C.M.O. as the donor's wife has offered another sum of Rs. 10,000 for adding two more wards. (subject to certain conditions agreed to by the M.L. Bd.). The M.L. Bd. Mysore have resolved that in view of the slender resources ~~of the~~ and of the heavy recurring charges of the institution, their contribution will remain at Rs. 15,000

as previously resolved.

When the papers were sent to the Secy. for Edu. he marked as enclosed. The H. Secy. is of opinion that the total cost of the ~~estimation~~ estimation minus the donations of Rs. 25,000 should be equally divided between M.L. Bd. Mysore and the Govt. who

I submit herewith a Final Note by the Minister for Education and Public Health on the proposal to sanction a revised estimate amounting to Rs.1,01,000/- for the construction of a Women's Hospital at Chamundipuram, Mysore, for the gracious sanction of His Highness.

A Ramaswami Mudaliar

DEWAN.

Mysore,
19th April 1947.

**Final Note by the Minister for Education
and Public Health**

Subject— Construction of a Women's Hospital at Chamundipuram, Mysore, at a revised estimated cost of Rs.1,01,000 as against Rs.45,000.

In the Government Order dated the 30th January 1945, sanction was accorded to the construction of a Women's Hospital in Chamundi-

-----		} puram, Mysore, at an estimated cost of --- Rs.45,000, the cost thereof being met as noted in the margin.
Donation of Mohandas Tulsidas	Rs.15,000	
Municipal Council, Mysore	15,000	
Government	15,000	

	Rs.45,000	

L 2 The President, Municipal Council, Mysore, in his letter dated
the 25th July 1946 reported that Sri. Vishin Devi, wife of late Seth
M Tulsidas Mohandas, has offered a further donation of Rs.10,000 for
the construction of two additional wards and that the original plan
and estimate which have been modified providing for additional re-
quirements in accordance with the suggestions of the Chief Medical
Officer, Women's Hospitals are estimated to cost Rs.1,01,000 and re-
quested the approval of Government to the modified estimate, the
balance of Rs.61,000 being met by Government in view of the inability
of the Municipal Council to enhance their contribution. The Munici-
N pal Council was asked to agree to meet half the cost of building as
per the standing orders of Government or to reduce the estimate to
Rs.80,000 to keep down their contribution to Rs.40,000. In reply,
Z the Municipal Council state that the modified plan provides for the
barest requirements of the institution, that any reduction in the
estimate would affect the efficiency and usefulness of the institu-
tion and that the rule of meeting of half the cost can be applied
only in the case of dispensary buildings of standard type costing
between Rs.6,000 and 7,000 and not in respect of special institutions
like the one under consideration and request that, in view of the
slender resources of the Municipality and of the heavy recurring

JH

charges of the institution which they have agreed to bear, Government may meet the balance of the amount required for the construction of the hospital according to the modified plan. It is ascertained that the construction of the building has almost reached the final stage according to the revised plan and estimate. It is now too late to reduce the estimate and it is therefore proposed to accord sanction to the modified estimate for Rs.1,01,000 and to meet the extra municipal contribution which is fixed at Rs.23,000 as an advance during the current year, the amount being recovered next year from the Municipal funds.

The Dewan-in-Charge and the other Ministers agree to the proposal and I solicit the gracious sanction of His Highness thereto

Govt in Mysore of 26.8.47

have sanctioned a modified estimate
for Rs 1,10,000/- for the construction of
women's Hospital at Channarayana.

Rs 25,000/- was received from the Govt.

donation for the purpose & the balance
was ordered to be met in equal proportion
i.e. Rs 38,000/- by the Municipality &

Rs 38,000/- by Govt. Municipality have

agreed to pay Rs 15,000/- & the balance

Rs 23,000/- was ordered to be paid

as an advance payment.

Now, the President
wants that this amount viz. Rs 23,000/-

and also the original amount agreed
to be paid by Govt i.e. Rs 15,000/- may
be kept at his disposal for payment of
pending bills.

82 Nearly Rs 47,000/- has been
paid under 'Advances' pending final order.
Govt in their letter of 24.9.47 have intimated
that there is no reason to reconsider the
orders already passed;

83 The proposal of the
to place at his disposal Rs 38,000/-

is not an advance but a loan.

*Again, as once before in this file, the calculation is not clear. The total estimate is for ^{Rs}1,01,000. of this ^{Rs}25,000 is a donation. The balance is Rs 76,000 to be shared equally between the Municipality and the govt. The share of each therefore comes to Rs 38,000/- of this out of the govt. Municipal share govt. have agreed to give as an advance Rs 23,000. So on the whole govt. have to pay $38,000 + 23,000 = 61,000$ Rs. They are said to have already paid Rs 47,000. So they have now to pay Rs 14,000 more and clear the advance head. The figures may be verified once, but the mode of calculation should be as indicated in this note. The President wants Rs 38,000 to be paid. This is incorrect. If that were to be paid, that and the present advance and the donation would then work out as follows $Rs 47,000 + 38,000 + 25,000 = 1,10,000$. Rs. This is more than the amount of the estimate itself, the Municipality so far from paying anything towards the cost of the construction, would be getting an advance free of interest of Rs 9,000, and the total advance 'free of' interest by govt. would then be not ^{Rs}23,000, but Rs ~~61,000~~ 85,000/-

As Srimathi Vishnu devi wife of the late

this estimate the Municipal contribution will
be Rs 38,000/- as noted below

100 But the Municipality pleaded inability to
pay anything more than their original
contribution of Rs 15,000/- Govt in their order of 26.5.47
while sanctioning the revised estimate for Rs 1,01,000/-
directed that the extra municipal contribution
which is fixed at Rs 23,000/-, leaving the original
contribution of Rs 15,000/- which they have agreed
to pay, may be paid as advance & recovered
next year from the Municipal Funds.

101. Subsequently the P.C. City Mun.
Council in his letter of 22.9.47. stated
that the contractor has been paid Rs 47,018/-
by then & a bill for Rs 30,653/- has come up
for payment. and the whole amt of Rs 47,000/-
has been paid under "Advances" pending
final orders of Govt as to the exact quota of
expenditure to be borne by Govt & Municipality
and requested that Govt. contribution of
Rs 38,000/- may be placed at his disposal.
Govt has to pay Rs 61,000/- including the

132) The President City Municipality, Mysore,
requests in his letter under disposal; and letters enclosed

Request orders directing
in modification of the
Gov. dated 26.5.47, ~~that~~
the extra Rs 18,000/-

1) For orders directing that in modification
of the Gov. dated 26.5.47 to the effect that Gov Municipality
should each bear the extra cost of Rs 46,000 in equal
proportion, Govt would meet 28,000 and the M^l Council
to meet the remaining 18,000 which would be advanced
by Govt, to be paid by the Council in 5 annual
instalments

of Rs 18,000/- may be

2) To address the Compt^r to expedite the despatch
of the bill ^{for Rs 38,000/- being the Govt Grant} to the Compt^r for Rs 28,000 adjustment
as per Govt dated 26.5.47.

and (3) the Com to take action for the supply
of goods, furniture, medicine etc & fix a date for
opening the ~~same~~ Hospital.

133) Re item no 1, orders were passed on 6.5.48.
to forego a sum of Rs 5000/- from the extra Municipal
Contribution of Rs 28,000/-, the balance being paid
in three instalments, but not in 5 instalments

as stated by the President, Mysore Ctg. Num 1.
However the G.O. to this effect has not been
issued ~~so far~~ because it was then
proposed and accepted that the Govt. and the
Consequent payments should be made after
obtaining information whether the sum of Rs 47,000
said to have been paid to the Contractor
under 'advances' is out of Municipal
funds or ~~from~~ any amount of this has
been drawn from Govt. (Vide paras 90,
94, 106 to 111 and 118). So far in spite of
reminders the President, Municipal Council
has not furnished this information, which is
a vital point of ~~the~~ by which the financial
implications are greatly affected, though he has
addressed many letters to Govt. This would
~~only~~ create unnecessary troubles and act as
an impediment for purposes of making
payments even after the issue of G.O., and
Consequently the delay appears to be inevitable.
However the G.O. is put up as per orders at
para 130 of the R.O.

134 It is also a point for consideration
whether this has, ~~to be~~ ^{your} treated as a Council
Case, to be sent to the Dewan, in view of
the fact that what exactly is due ~~to~~ ^{the amount}

Women's Hospital at Channarayana, Mysore has not been ascertained as ordered at A 116/11
 $\frac{116}{840} \frac{1946}{11}$
 in para 106 of the letter.

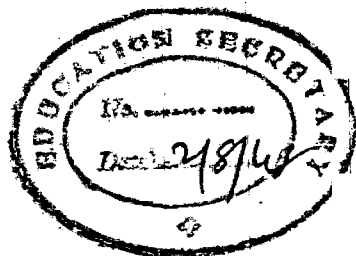

135) Re item no 2, the Comptroller in this office letter dated 20.5.48, has been requested to adjust the amount of Rs 38,000 to wards the Municipal fund. Subsequently he has been reminded on 26.7.48 to submit a report in the matter.

136) About the last item which has been reported by the CMO on 22.8.48, that necessary action has been taken for equipping & opening the Hospital surg.

~~As 307~~ 139) The decision on Municipal contribution of Rs 5000 is a modification of the decision approved by the Cabinet. Before issue of orders there may perhaps be discussion by the Dewan, Chief Min and Minister for Health. $\frac{249}{5/8}$

of remittance to the Treasury on this account may be kindly furnished.

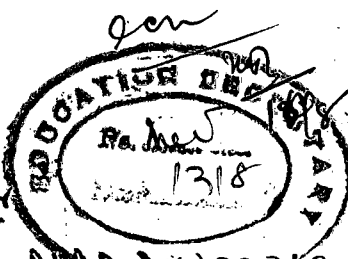

(141) There are many advances to this Municipality, made by govt. The present amount proposed to be advanced cannot be of interest free. It has to bear a minimum rate of 4% at least.

(142) The G.O. to issue should clearly state the amount of the estimate, the amount of the donation, the amount of contribution by the Municipality, that by the govt, the amount advanced by govt to the Municipality to enable the latter to pay its share of the contribution, and the rate of interest to be leviable thereon.

(143) Overdue payments have to carry a slightly higher rate of interest, say 5%.

Sir,

Subject:- Further donation for construction of additional wards appended to Seth Mohandas Tulsidas Womens Hospital at Chamundipuram.

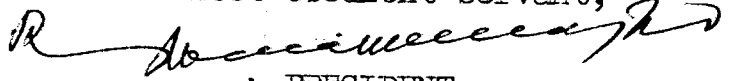

✓
For
I have the honour to state that Srimathi Vishin Devi wife of late Seth Tulsidas Mohandas, Donor for the above Hospital addressed a letter on 26-2-1946 offering further donation of Rs.10,000/- for the construction of two additional wards to be appended to the above Hospital under conditions imposed by her in the above letter, copy of which is also enclosed for perusal of the Government. The Municipal Council accepted the donation with the conditions mentioned, in their resolution No.816 dated 4-3-1946 (obtained by circulation) copy of which also is enclosed for reference. After due communication of the above order, the lady sent a cheque for Rs.10,000/- which was taken to Municipal deposit.

In enclosing herewith a copy of the Council
resolution No.905/2-4-46, accepting the munificent
offer made by the donor, I request you kindly to
obtain approval/Government to the resolution of the
Municipal Council and communicate the same.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT.

PROCEEDINGS OF THE MUNICIPAL COUNCIL BY CIRCULATION.

Letter dated 26-2-1946 from Srimathi Vishindevi, wife of late Seth Tulsidas Mohandas expressing her desire to donate a sum of Rs.10,000/- for the two additional wards to be appended to Seth Mohandas Tulsidas Womens' Hospital under the following conditions:-

1 (a). One ward to be named permanently after Srimathi Dhanabai wife of Seth Mohandas Balaramdas Darira.

(b) Another ward to be named permanently after Srimathi Vishindevi wife of Seth Tulsidas Mohandas Darira.

2. Portrait of (1) Seth Tulsidas Mohandas Darira to be permanently maintained and hung up in the Hospital Hall (2) Photos of Srimathi Dhanbai wife of Seth Mohandas Balramdas Darira and Srimathi Vishindevi wife of Seth Tulsidas Mohandas Darira also to be permanently maintained and hung up in the respective wards to be named after them, the first copy of the portrait and the photos mentioned above being supplied by Srimathi Vishindevi.

3. Thirdly to appoint a member of her family to be nominated by her or her brother-in-law Seth Mohandas Sadhuram, Bankers, Irwin Road or by Mr. Ramanarayan Chellaram, Avenue Road Cross, Bangalore City to be on the Board of Visitors when one is formed.

Resolution:- The donation of Rs.10000/- may be accepted and the thanks of the Council communicated to Srimathi Vishindevi. She may be informed that the conditions mentioned by her, namely (1) to name the wards after her mother-in-law and herself (2) to put portrait and photos of late Seth Tulsidas Mohandas, his mother and herself and (3) to appoint a member of the family on the Board of Visitors when one is formed, will be respected.

Letter No. M5. C- 13/46-47 from the President, City Municipal Council, Mysore to Secretary to the Government, Revenue Department, Bangalore.

SUBJECT: Construction of Maternity Hospital at Chamundipuram.

Adverting to Government Order No. M. 6949-53/Med, 98-44-1 dated the 30th January 1945 sanctioning the estimate for Rs. 45,000/- for the construction of the Women's Hospital in Chamundipuram, the cost over and above the donation of Rs. 15,000/- by Donor Seth Mohandas Tulsidas and the Municipal Contribution of Rs. 15,000/- being met out of the provision under 24 "Civil Works" and also to this office further communication No. M5.C.468-116/45-46 dated 14-4-1946 intimating a further donation of Rs. 10,000/- by the wife of the late Donor for the construction of two more wards to be appended to the building subject to certain conditions accepted by the Council in their resolution No. 816/4-3-46, I have the honour to enclose a modified estimate for Rs. 1,01,000/- for the construction of the above building in its entirety as per plan enclosed and to state that the modified estimate is prepared according to the suggestions given from time to time by the Chief Lady Medical Officer, during the inspection of the Building under construction, and provides for the several items shown in the abstract of the estimate enclosed. The Works Committee duly examined the estimate and recommended the same for sanction of the Council. The Council in their resolution passed at the adjourned Meeting held on 10-7-1946, have approved of the same, subject to the condition that the municipal contribution will remain at Rs. 15,000/- as originally promised and approved by Government.

It is to be stated that the total donation from the late Donor and his wife comes to Rs. 25,000/- and the municipal contribution of Rs. 15,000/- makes the entire amount Rs. 40,000/- as against the estimated cost of Rs. 1,01,000/-.

In these circumstances, I request you kindly to obtain sanction of the Government to the estimate and also to the balance of the estimated cost, viz., Rs. 61,000/- being ordered to be met out of State Funds under 24 "Civil Works." in modification of the previous Government Order under advertançe.

P.T.O.

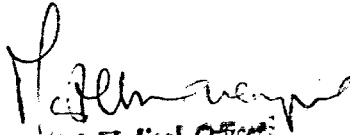

The connected resolutions of the Works Committee and the Council, as also the estimate and plan are enclosed herewith for favour of kind reference. It is also to be stated that a further sum of Rs. 5,000/- is received from the Donor for the maintenance of a bed in the name of the donor out of its interest, and the same is kept in Municipal Deposit. The building work is proceeding briskly and I request that very early orders in the matter may be kindly obtained and communicated.

Copy forwarded with compliments to the Chief Lady Medical Officer, Women's Hospitals in Mysore, Bangalore, with a request that a reference may also be kindly made to the Government to sanction the estimate early.

Report to accompany the ^{Revised} detailed estimate for consty.

Seth Mohandas Jalsidas Hospital for women in Chamundipuram
Mysore.

2/2/46
W/C on 10/12

1. An estimate amounting to Rs 45,000/- for constructing a women's Hospital in Chamundipuram Mysore, out of the donation of Rs 15,000/- given by ^{late} Seth Mohandas Jalsidas, Barker, and the contribution of an equal sum of Rs 15,000/- by the City Municipal Council and the balance by Govt, was sanctioned in G.O. no. 17.6949-S3/Med 98-44-1 dated 30th Jan'y 45. This provided for construction of a Hospital with 14 beds and quarters for the staff and a kitchen block.

2. The site having been selected to the north west of Thennantdy Circle, the work was started during August 1945 after calling for tenders, M/s The Irrigation and Constr. Co., Engineers and Contractors, entrusted with the construction at 49% over the estimates as decided by the Municipal Council. As the excavation was in progress, the Chief Engineer Roads and Buidg. and the City Engineer, Mysore, were pleased to inspect the work on 19.8.45 and they suggested deeper and wider foundations with mass concrete for 2' depth using granite jelly as the soil was bad and not uniform throughout. Accordingly, the foundations for the main building were completed and this has resulted in a considerable excess over the sanctioned estimate up to basement level and has been duly included in the revised estimate.

3. Further, the late donor had announced in a public meeting that he would contribute a further sum of Rs 10,000/- towards the construction of additional

②

wards
As the hospital was situated in a ^{thickly} populated locality and the accommodation in it was limited. Since the construction of separate wards would mean a heavy investment, it was found desirable and economical to extend the wards in the present hospital itself suitably and double the ^{original} accommodation. The construction having ^{then} come up to about basement level only, the above proposal was adopted and the wards were extended by 6' on the outside and the number of beds has been increased to 28 as against only 14 in the original proposal. This extension however has resulted in a proportionate excess which has been duly provided for now. The contribution of the ^{sum of} $\text{Rs } 10,000$ promised by the late Donor has also been since realised from his wife.

4. There have been some excesses in the different items of the original estimate which have been fully explained in the comparative statement attached. The maximum excesses are in the items R.C.C. pillars & beams and R.C.C. Chajja. This is due to the provision of heavy beams in the wards and of Chajja in port and around the inner quadrangle respectively. Further, some additional items such as ornamental ceiling to the ceiling, and skirting to the walls around which are not provided in the original estimate, have been included in the revised estimate as these items are

⑤ The lumpsum provisions under Electric water supply & sanitary fittings are also suitably increased depending upon the present extended scale for materials.

necessary for a hospital building. All the above works are well in line

⑤ 5. - next page (3) total.

6. The amount of the revised estimate.

③

comes to Rs 1,00,000/- resulting in an excess of Rs ~~47,500~~^{56,000} over the sanctioned estimate. Out of this, the late Seth Mohan Das Jaisidas has contributed Rs 25,000/- (Rs 15,000/- ^{by the donor} given ~~and~~ plus Rs 10,000/- subsequently paid by his wife) apart from Rs 5,000/- paid by the late donor towards the maintenance of a bed in his name. The Municipal and Govt. ^{already} have agreed to contribute Rs 15,000/- ^{each} towards the building. The balance of Rs ~~47,500~~^{56,000} will ^{also} have to be ^{born} ~~given~~ ~~and the Municipal Council in equal proportion.~~ paid by Govt. ~~under~~ ^{under} civil works. This heavy excess is mainly due to the high percentage of tender increase viz 49% over the sanctioned estimate added to the extra cost involved for deeper and wider foundations and extension of wards and the provision made for constructing additional ^{and laundry} quarters and a mortuary ^{as suggested by the} Chief Lady Medical Officer.

④ 5. Again, the Chief Lady Medical Officer ^{and also recently} visited the hospital works during January 1946 ^{the month} and approved the extension of the wards but suggested that additional quarters ^{2 midwives} for ~~the~~ ^{and laundry} ~~nurses~~ ^{and} ~~and~~ ^{as also a mortuary} have to be built as the quarters as sanctioned ~~were~~ ^{are} ~~thoroughly~~ ^{inadequate}. Accordingly, a lumpsum provision of Rs ~~47,500~~⁷⁵⁰⁰ calculated on plinth area basis as per plans attached has been provided in the revised estimate. These works however are not yet started.

7. Rates provided are all as per original sanctioned estimate for tendered items. For non-tendered items which are only few in number, scheduled rates have been provided. The revised estimate may be kindly sanctioned early with necessary funds as detailed in para 6 above.

8. It may also be mentioned in this connection that the present hospital will consist of only general wards as at present proposed. A few special wards may be necessary in due course and if some philanthropic gentlemen were to come forward with a donation for this purpose, it will be possible to introduce two special wards, the portions marked (A) & (B) in plan. The cost of constructing these special wards will be about Rs. 1,20,000/-

Note regarding the tender for the construction of Women's Hospital in Chamundipuram, Mysore

Only four tenders were received for the above work out of which the lowest is that of Mr. T. P. Kodandarama Pillay who has quoted 38% over the estimated amount. According to his tender, the cost of works comes to Rs. 52,440/- against the estimated amount of Rs. 38,000/-, excluding light and sanitary connections. The Second lowest tender is that of Messrs. Irrigation construction Co. Mysore, who have quoted 49% over the estimated amount. According to their tender, the cost of works comes to Rs. 56,620/-. Thus, there is a difference of about Rs. 4,000/- between the lowest and the next higher tender.

In this connection, it may be stated that Mr. Kodandarama Pillay whose tender is the lowest has not done any big building construction. Besides, he is said to be resourceless and has not had much building experience.

Messrs. Irrigation Construction Co. is represented by graduate Engineering Contractors who have done big and important building works both in Mysore and other parts of the State. To mention a few, they have constructed the Hamilton Buildings, the Central Post office buildings, the Exhibition buildings and as a private work, the Dasa Prakash buildings in Mysore. They have thus considerable building experience besides being resourceful.

Since the Hospital work is a big and important one, it has to be entrusted to an experienced and resourceful contractor. It is therefore recommended that the work may be given to Messrs. Irrigation Construction Co. Mysore at their tendered rates viz. 49% over the estimated rates. They were however enquired if they were agreeable to take ~~xxx~~ up the work at the lowest tendered rates. But they are not willing to accept anything less than the rates quoted by them as it would not pay them.

It is therefore submitted that the tender of Messrs.
Irrigation Construction Co. May be approved.

Sir,

Subject:-Construction of a Maternity Hospital at Chamundipuram.
=====

With reference to your letter No.M3340/med/57-46-2 dated 1-10-46 on the above subject, I have the honour to enclose a copy of the resolution passed by the City Municipal Council at its meeting held on 30-10-46 and to state as follows:-

The financial position of the Municipality is none too strong and it was only in consideration of the very laudable object in view, that the Council agreed, in spite of straitened resources, to contribute a sum of Rs.15,000/-, In fact the proposal of the Chief Lady Medical Officer submitted to Government in her letter No.1264-33 dated 24th August 1944 was that the cost of the building, over and above the sum of Rs.15,000/- together with the contribution of Rs.15,000/- by the City Municipal Council, be met by the Government and it is this proposal that was sanctioned in Government Order No.M6949-53/med/98-44-1 dated 30th Jany.1945. It was in the light of this assurance that the City Municipal Council agreed to commit themselves to ~~XXXXXX~~ bear the heavy annual maintenance charges of the Institution, estimated at Rs.4200/- per annum. The Council felt that ~~they~~ ^{they} have gone as far as they possibly could, consistently with their ability, in helping a worthy and useful project.

As desired in your letter under advertence, however, the subject was again brought up before the Council for reconsideration at its meeting held on 30-10-46. The Council felt that the estimate for Rs.101,000/- for the Hospital and quarters ~~prepared for construction~~ ^{prepared in consultation} with the Chief Lady Medical Officer and approved by the Chief Engineer covered the barest requirements of the Institution and that any reduction would seriously affect its efficiency and usefulness.

As regards the observation that as per standing orders, the Municipal Council should meet half the cost of the estimate, it was considered

that this arrangement could with justification be applied only in the construction of dispensary building of standard type costing between Rs. 6000/- & 7000/- and not in respect of special Institutions like the one under consideration. The considered opinion of the Council was that in view of the slender finances of the Municipality and of the heavy recurring charges of the Institution, which they have already agreed to bear, the Government may be moved to meet the balance of the amount required for the construction of the New Hospital in accordance with the estimate prepared, without insisting on further contributions from the Municipality.

I have the honour to be,
Sir,

Sir,

SUBJECT: Construction of Maternity Hospital at
Chamundipuram.
==

With reference to your letter No.M.7541/Med. 57-46-4 dated 9th January '47 on the above subject, I have the honour to state that construction of the main block as also the other buildings attached to it are all practically completed. The only building left over still is the mortuary for which a provision of Rs.2000 is made in the revised estimate submitted for Rs.101000/= . This of course is an essential requirement to make the hospital a self-contained institution, as it is intended to be, and will be completed in the course of about a month or two. The work of providing Electrical, Water supply and Sanitary fittings is also about to be taken up after attending to the necessary preliminaries such as calling for quotations etc.

It may be repeated in this connection that the construction of additional buildings and quarters not provided for in the original estimate had to be taken up on the requisition of the Chief Lady Medical Officer who during her inspections of the work insisted upon the said additional constructions and as explained in the report accompanying the revised estimate already submitted to Government for sanction the excess is mainly because of this factor apart from the question of tender excess.

The circumstances under which the Municipality is not in a position to pay any more contribution to this work have already been explained in this Office letter No.M5-C.25-13/46-47 dated

Adverting to G.O.No.M.14117-121/Med57-46-10

dated 26th May 1947, sanctioning the modified estimate for Rs.1,10,000/= for the construction of Sait Mohandess Tulsidas Woman's Hospital at Chamundi Extension, and stating that the extra expenditure payable by the Municipality on this behalf is fixed at Rs.23,000/= and that it would be met in the first instance by Government treating the same as an advance to be repaid by the Municipality etc., and correspondence ending with my office letter No.M5.C.25-23 dated 8-8-1947 forwarding a copy of the Council Resolution dated 31-7-1947 to the effect that Government may be requested to bear the entire additional expenditure themselves(Rs.46,000/=) in view of the slender resources of the Council, and also in view of the fact that the revised estimate for the enhanced amount was due to the improvements effected to the Hospital according to the suggestions given by the chief Lady Medical Officer, etc., I write to state as follows:-

The work of construction of the Hospital commenced in 1945, after calling for tenders, and the work is now nearly completed. So far, the contractor has been paid Rs.47,018/=. Now a bill for Rs.30,653/= has come up for payment. The whole amount of Rs.47,000 has been paid under "Advances" pending final orders of Government as to the exact quota of expenditure to be borne by the Government and the Municipality.

As the contractor is pressing for payment and as there is not enough funds at the credit of the municipality at present this being the commencement of the year, and also heavy expenditure on account of payment of Dearness Allowance to Municipal Staff etc., I request that the Comptroller may be requested to kindly place at my disposal a sum of Rs.38,000/=(Rs.15,000/= being the original contribution agreed to be paid by Government in the first instance + Rs.23,000/= being the Government portion of the extra expenditure as per Government Order

Construction of women's
Hospital in Chamundipuram

Dear Sir,

with refce to
your letter no M.S. C. 25-13/46-47
of 22.9.47 on the above subject,

I write to state that the
total estimate for the construction
of the building
is Rs 1,01,000/- of this Rs 25,000/-
is a donation and the balance
of Rs 76,000/- has to be shared
equally between the Municipality
& the Govt. The share of
each therefore comes to Rs 38,000/-
and that of this amt of the
Municipal share, Govt in their
order no M 14117-1211 Med 57-46-10
of 26.5.47 have agreed to
give an advance of Rs 23,000/-
so the whole Govt have
to pay Rs 38,000/- + Rs 23,000/-
Rs 61,000/-

and Rs 47,000/- is stated
to have been paid under
"Advances" as per your letter
under acknowledgement. Therefore
the Govt have to pay ^{only} Rs 14,000/-
more and clear the advance
ahead. It is therefore not clear
why the Govt has to pay still
Rs 38,000/-

reason to re-consider their orders already passed fixing
the quota of expenditure to be borne by Government and the
Municipality towards the cost of construction of the

write to state that the Council before whom the subject
came up for consideration at the meeting held to-day
(6-12-47) resolved that a deputation consisting of the
President, Vice-President and Mr.P.Gopalakrishna Setty
do wait on the Health Minister to explain the slender
financial position of the Municipality which does not
permit them to meet any extra expenditure beyond the
quota already agreed to be paid by them.

I therefore request you to bring this to the
kind notice of the Minister and intimate whether Wednesday

My dear Javal Sahib
Memorandum

In continuation of my discussion with you the other day in respect of Mohandas Tulsidas Maternity Hospital at Chamundipuram, Mysore, I am forced to request you to kindly get the balance of the amount viz., Rs.46,000/- granted by the Government as early as possible and to start the hospital work very soon. The financial condition of the Municipality does not in any way allow to pay any contribution towards the same. I am herewith enclosing a copy of the letter No.L. 3929 dated 25th February 1948 from the Secretary to Government, Revenue Department in respect of the financial conditions of the Mysore City Municipality, for your kind perusal.

I request the favour of early helpful in the matter.

Thanking you,

Yours sincerely,

B. Mohamad

Anab Mohamad Sheriff, Esq., M.A.B.L.
Minister for Public Health and Excise
Public Offices, Bangalore.

Note

Seth Mohandas Thulsidas offered a sum of Rs.20,000 on condition that Rs.15,000/- should be made use of for the construction of a Women's Hospital in Chamundipuram to be named as "Seth Mohandas Thulsidas Women's Hospital" and Rs.5,000/- towards maintenance in his name of a bed therein etc. The Municipal Council accepted this donation and immediately caused the preparation of a rough estimate amounting to Rs.30,000/- for the construction of the said Hospital. The Council also passed a resolution No.483 dated 1-2-1943 agreeing to meet the other half of the cost viz., Rs.15,000/-.

Later on a detailed estimate amounting to Rs.45,000 was prepared on the plan approved by the Senior Surgeon and it was sent to the Chief Lady Medical Officer, Bangalore, for her approval. The Chief Lady Medical Officer in her turn submitted the estimates to Government with the recommendation that the cost over and above the donation of Rs.15,000/- and the contribution of Rs.15,000/- by this Municipality may be met by Government etc. Government approved of the proposal of the Chief Lady Medical Officer vide G.O.No.M.6940-53/Med.98-44-1 dated 30-1-45.

By this time, Sri Vishnu Devi, wife of the late Seth Mohandas Thulsidas, came forward with a further donation of Rs.10,000/- for the construction of two additional wards as an adjunct to Seth Mohandas Thulsidas Women's Hospital. The Council accepted this offer also in their resolution No.905/2-4-46. This ^{was} ~~was~~ intimated to Government. In the meanwhile, the Chief Lady Medical Officer during the course of construction of the Hospital made certain suggestions for the improvements and alterations in the building so that it may be more suitable for the purpose. They were carried out. Subsequently a revised estimate for Rs.1,01,000/- was prepared including the above additions and alterations and placed before the Council. The Municipal Council while recommending to Government

the modified estimate for sanction resolved, in view of the slender financial resources of the Municipality, that its contribution towards the construction of the building should remain at Rs.15,000/-, originally promised by them, the extra cost being met by Government. But Government while sanctioning the modified estimate for Rs.1,01,000/- directed in their order No.M.14117-121/Med.7-46-10 dated 26-5-47 that the extra cost viz., Rs.46,000 (1,01,000-55,000) should be met by the Municipality and the Government in equal proportions and that the Government would pay the Municipal quota of extra cost viz., Rs.23,000/- as an advance to the Municipality during 46-47 in the first instance, this amount being recovered next year from the Municipal funds etc. This Government Order was placed before the Municipal Council at their meeting held on 31-7-47 and the Council in reiterating their previous resolution once again resolved to request the Government to re-consider the matter. Government have again replied (vide Revenue Secretary's letter No.M3212/Med.57-46-11 dated 24-9-47) stating that Government see no reason to reconsider the orders already passed. This letter was placed before the Council on 6-12-47 when they resolved that a Deputation of the Council consisting of the President, Vice-President, Mr.P.Gopalakrishnasetty do wait in deputation on the Minister to Government for a reconsideration of their order.

Accordingly a deputation of the City Municipal Council consisting of the President and Vice-President (Mr.Gopalkrishna Setty being absent) waited upon the Ministers for Public Health and City Municipalities at Bangalore to explain their case regarding the financing of the construction of the Chamundipuram Women's Hospital.

The Deputationists stressed the following points in support of their case:-

1. The Municipality originally agreed to contribute only

Rs.15,000/- and this promise, they have kept up.

2. This Hospital is intended to relieve the Cheluvamba Hospital and normally would have had to be constructed from State Funds as an extension of the Cheluvamba Hospital. The Municipality have more than done their duty by the contribution they have already made to the Hospital.

3. The revision of the estimate to Rs.1,01,000/- was due to the suggestions made by the Chief Medical Officer and not to the initiative of the Municipality which had no choice but to agree. It is not fair that they should be made to pay for the revision.

4. More than all, the financial position of the Municipality is anything but satisfactory. Faced with the heavy expenditure consequent on revision of salaries, it is impossible for the Municipality to find funds to the tune of Rs.23,000/- for this Hospital. They therefore pray that the entire extra cost may be met by Government.

The Ministers were so good as to state that the representation of the deputation would be duly considered and early orders passed.

In continuation of this office No.M.5.C.25-13/46-47
dated 6-4-1948 requesting to obtain sanction of Government
in the matter of the payment of Government quota towards
the above work, I have the honour to state that Government
have in their Order No.M.6949-53/Med.98-44-1 dated 30-1-45
first sanctioned an estimate for Rs.45,000/- for the above
work the cost being met in three equal proportions of Rs.15,000
as detailed in the margin*.

(1) Donation of Mr. Mohandas
Tulsidas ... Rs.15,000/-

(2) Municipal contri-
bution ... Rs.15,000/-

(3) Govt. grant... Rs.15,000/-

Rs.45,000/-

As this estimate was modified to Rs.10,000

Government in their order No.M.14117-121/Med.

7-46-10 dated 26-5-1947 sanctioned the same

and directed that the extra Municipal contri-

bution which is fixed at Rs.23,000/- be met by Government in
the first instance as an advance etc. A separate reference
has been made to you on 1-4-1948 referred to in para 1 supra

As regards the Government share, kindly sanctioned as per
two Government Orders referred to above viz., Rs.15,000/- plus
Rs.23,000/- in all Rs.38,000/- a bill in duplicate is herewith
sent for favour of transmission to the to the Comptroller for
early adjustment to the Municipal Funds.

I, therefore, request the favour of immediate compliance
of in the matter as funds are urgently required.

OFFICE OF THE MINISTER, FOR P. H. & EX. No. 1250 Date 11/5/48
--

Dear Sir,

My late uncle Seth Thulasidas Mohandas had donated Rs.20,000/- to the City Municipality, Mysore towards constructing Women's hospital in Chamundipuram, Mysore in the name of "Seth Mohandas Thulasidas Women's Hospital" ,and addition to that amount Lady Seth Tulsidas has also donated Rs.10,000/- towards constructing two wards in the same above hospital, one in her own name and another in the name of our grand mother.

The construction of the above building has been completed long ago and I cannot understand why the Municipal authorities have delayed the performance of opening ceremony.

It is long since that the amount has been donated by our family, and the fruit of that has not yet come out.

We therefore request you kindly to give priority to this matter and see that we have not to write to you again regarding this matter. Awaiting for your kind reply.

Thanking you in advance.

No. 16957-23-7-48

Dear Janab Mohd Sheriff,.....

In enclosing herewith the copies of the letters addressed to the Revenue Secretary and the Chief - Medical Officer in the matter of starting the women's Hospital in Chamundipuram, Mysore, I write to state that during the Representative Assembly Sessions held during May 1948, you were pleased to say that orders had been passed regarding the apportionment of the excess expenditure for the construction of the Hospital in question, directing that in modification of the order dated 26-5-47 to the effect that Government and Municipality should each bear the extra cost of Rs. 46,000/- in equal proportions, Government would meet 28,0000/- and the Municipal Council have to meet the remaining 18,000/- which would be advanced by Government, to be paid by the Council in 5 annual instalments. But no orders have so far been received in the matter in this office. As the payment of the bills due to contractors are held up for want of provision and funds in this behalf and as the starting

Subject:- Starting of Womens' Hospital in Chamundipuram.

Adverting to your memo No. C.1264-68 dated 28-6-48 forwarding a copy of the letter addressed to the District Medical Officer regarding the submission of an indent for equipment and medicine to the above Hospital, I have the honour to state that the Water Supply fittings to the above Hospital are under progress and will be completed very shortly. The Municipal Engineer has been instructed to expedite the work of sanitary fittings and also taking action for giving electric service connection to the Building. The only thing remaining is the supply of beds, furniture and medicine which is to be done by you. I therefore request you kindly to see that all the equipments are supplied immediately to the Hospital so that the opening ceremony may be fixed at the earliest convenience as the Donors are pressing for the same.

It may also be intimated if any action has been taken by you to fix a date for opening the same. Whatever action taken in this behalf may be kindly intimated for information and needful further action.

Sir,

Subject:- Women's Hospital in Chamundipuram, Mysore City.

Adverting to letter No.62/MAD. dated 28th July 1948 addressed to you by the Comptroller to Government of Mysore, Bangalore, requesting for clarification as to how the grant and advance sanctioned for the construction of Women's Hospital in Chamundipuram has to be treated etc., I have the honour to state that the above building was completed more than a year back and still it has not been possible to start the working of the Hospital for want of funds to execute certain additional requirements such as sanitary fittings, electric installations, water-supply etc.

Government in their order Np.M.6949-53/Med.98-44-1 dated 30-1-45 approved the proposal of the Chief Lady Medical Officer for the construction of the Hospital, the cost over and above the original donation of Rs.15,000/- being met by Government out of the provision made under "24 Civil Works". But by the time the work came to a finish there was a further donation of Rs.10,000/- by the wife of the donor. During the course of the work certain alterations were suggested by the Chief Lady Medical Officer and the revised estimate came up to Rs.1,01,000/- which was sent up to Government for sanction. Government were pleased to sanction, in their order No.M.14117-12/Med.7-46-10 dated 26-5-1947, the revised estimate and directed that

the excess expenditure of Rs.46,000/- over the amount of Rs. 55,000/- made up of donation, Government and Municipal contribution as detailed in the margin* may be met in equal proportions by Government and this Municipality (viz., Rs.23,000/- each) and further that the above extra contribution of Rs.23,000/- payable by the Municipality be paid from Government as an advance to the Municipality to be paid back next year.

1. Contribution by donor:	25,000/-	But as the financial position of the
2. Municipal contribution.	15,000/-	Council was very bad, the Council re-
3. Government contribution.	15,000/-	presented to Government through a
Total:	55,000/-	deputation that it was not possible for the Council to pay any

amount in excess of what had already been agreed to be paid by them viz., Rs.15,000/- and solicited kind orders of Government to modify the above orders, so that the entire extra cost of Rs.46,000/- being met by Government. But no orders have been so far ~~been~~ received in this behalf and consequently there has been undue delay in taking further action. What is more even the bill for Rs.38,000/- being the amount so far promised by Government has been returned from the Comptroller with the observation that further renewal of the previous sanction is necessary. In the result that the Council has been finding it difficult to make payment of bills in respect of works already executed and also in respect of other works that are undertaken with a view to start the Hospital at the earliest convenience.

It is needless to say that the Council is placed in a very embarrassing position facing the odium of delayed execution of its obligations not only in the eyes of the donor but also in the eyes of the public. Even the Chief Medical Officer has been delaying the transmission of the equipments for the Hospital in spite of several letters addressed from this office, on the score that the building is still incomplete.

As the state of affairs represented above is purely due to want of funds, I request you kindly to obtain very early orders of Government, according sanction to the payment of their donation of Rs.38,000/- sanctioned in their order dated 26-5-1947

out of "24 Civil Works" out of this year's State Budget, pending final orders of Government about the exact proportions in which the extra cost has to be met as the revised estimate for Rs.1,01,000/- has to be further modified.

During the course of the work certain alterations were suggested by the Chief Lady Medical Officer and the revised estimate came up to Rs.1,01,000/- which was sent up to Government for sanction. Government were pleased to sanction in their order No.M.14117-12/Med.7-46-10

dated 26-5-47 the revised estimate and directed that the excess expenditure of Rs.46,000/- over the amount of Rs.55,000/- made up of donation, Government and Municipal contribution as detailed in the margin may be met in equal proportion by Government and this Municipality (viz., Rs.23,000/- each) and further that the above extra contribution

Contribution by donor:	25,000/-
Municipal Contribution.	15,000/-
Government	15,000/-

of Rs.23,000/- payable by the Municipality be paid from Government as an advance to the Municipality to be paid back next year.

Total.	Rs.55,000/-
--------	-------------

But as the financial position of the Council was very bad, the Council represented to Government

through a deputation that it was not possible for the Council to pay any amount in excess of what had already been agreed to be paid by them viz., Rs.15,000/- and solicited kind orders of Government to modify the above orders, so that the entire extra cost of Rs.46,000/- be met by Government. But no orders have been so far received in this behalf and consequently there has been undue delay in taking further action. What is more even the bill for Rs.38,000/- being the amount so far promised by Government has been returned from the Comptroller with the observation that further renewal of the previous sanction is necessary. In the result that the Council has been finding it difficult to make payment of bills in respect of works already executed and also in respect of other works that are undertaken with a view to start the Hospital at the earliest convenience.

It is needless to say that the Council is placed in a very embarrassing position facing the odium of delayed execution of its obligations not only in the eyes of the donor but also in the eyes of the public. Even the Chief Medical Officer has been delaying the transmission of the equipments for the Hospital inspite of several letters addressed from this office, on the score that the building is still incomplete.

As the state of affairs represented above is purely due to want of funds, I request you kindly to obtain very early orders of Government, according sanction to the payment of their donation of Rs.38,000/- sanctioned in their order dated 26-5-47 out of "24 Civil Works" out of this year's State Budget, pending final orders of Government about the exact proportions in which the extra cost has to be met as the revised estimate for Rs.1,01,000/- has to be further modified.

Medical Branch 16/9/48

In inviting your reference to my letter of even number dated 25-8-1948, I write to state that the question of putting the Hospital into service is being pressed by the Donors as also by the public from day to day and it has not been possible to proceed with further work on account of the non-receipt of the orders of Government. The Medical Department also have not been giving response in regard to the request from this office to provide necessary equipments to the Hospital. Such being the case, I shall be thankful to you if you can obtain immediate orders of Government in the matter of sanctioning the Government grant etc.

There is a proposal to put the Hospital into service on the Vijayadasami Day. I, therefore, request you to obtain orders of Government immediately.

Subject:- Government Grant and advance to the

I have the honour to state, that the Comptroller to the Government of Mysore, who had been addressed in the matter of making available the Government grant of Rs.38,000/- as sanctioned by them in their order dated 31-1-1945 and 26-5-47, has written to say, in his letter No.Mad.780/29-11-48, that the bill for Rs.38,000/- has been forwarded to the Auditor, Public Works Department. It is to be stated that this sum of Rs.38,000/- is only a portion of the entire Government grant and advance of Rs.61,000/- due from Government and no action has been taken by him for making available the remaining sum of Rs.23,000/- (orders regarding the proportion of Government grant and the advance to the Municipality in respect of which has yet to issue). It is needless to say that the entire sum of Rs.61,000/- is immediately required for payment to the contractors before taking possession of the building and hand it over to the Medical Department who are pressing for the same in order to enable them to deposit the equipments already received for the purpose. As the matter is being unduly delayed and has resulted in the

appearance of articles even in news papers about the delayed putting into service of a building which has been made ready since the past two years (vide Tainadu dated 25-11-48), I request you kindly to have orders issued in the matter of making available the entire sum of Rs.61,000/- to the Municipality. Pending issue of orders in this respect, a supplemental bill for the remaining sum of Rs. 23000/- is sent herewith for being kindly forwarded to the Auditor, Public Works Department with the direction that this sum also may be made available to the Municipality along with the sum of Rs. 38,000/- for which the bill has already been sent.

City Municipal Office,

4th Dec. 48 194

Dear Janab Mahmood Sheriff,

In continuation of my previous letters dated 7th November 1948, requesting the favour of early orders regarding the payment of Rs. 61000/- being the quota of Government contribution and advance to Municipality for the construction of Seth Mohandas Tulasidas Womens Hospital, in Chamundipuram, Mysore, I write to state that orders have not been received and consequently much inconvenience is being felt to take charge of the building and hand over the same to the Medical Department who have been addressing this office to give the building to their possession in order that they may make arrangements to provide the building with all the necessary equipments which have already been received.

I also invite favour of kind reference to " a letter addressed to the Editor " appearing in the Tai Nadu dated 25-11-48 November 48 regarding delay in putting the Hospital into service and to state that it has become extremely difficult to face the public on the above account. Such being the case, I request the favour of your kind orders being passed for the immediate issue of the Government order in the matter to enable me to take necessary action to have the building put into service at the earliest possible date. I also enclose a copy of the letter addressed to the Secretary to Government, Education Department requesting to direct Auditor Public Works Department, in the matter of payment of the bill for Rs. 38000/- referred to him by the Comptroller and to state that the amount referred to in the letter is only a portion of the amount expected from Government towards the Government share of contribution and also an advance to the Municipality which aggregates to Rs. 61000/- as has been explained repeatedly in my previous letters. Early orders are therefore requested for directing the Auditor, Public Works Department also, to make available the entire sum of Rs. 61000/- instead of Rs. 38000/-. A supplemental bill for the remaining sum of Rs. 23000/- is also sent separately to the Secretary, Education Department for being duly forwarded under your kind orders to the Auditor, Public Works Department for making the entire amount available to the

Adverting to G.O.No.M.10267-9/Med.57-46-17 dated 16-12-1948
fixing the extra contribution of the Mysore City Municipality towards
the construction of the above Hospital at Rs.18,000/- to be met by

Camp Mysore,
23rd Feb. 1949

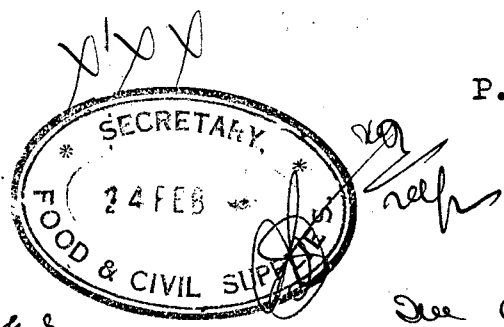

OFFICE OF THE MINISTER,
FOR P. H. & EX.
No. 5198
Date 24/2/1949

The President, Municipal Council, Mysore, tells me that the amount sanctioned in respect of Thulasidas Mohandas Maternity Hospital situated at Krishnaraja Vanam has not been handed over to him for making necessary arrangements for opening the hospital. This matter has been hanging fire since a long time and the Government have sanctioned the amount and given instructions for handing it over to the Municipal Council. As the donors are very anxious to see that the hospital is opened and as all the necessary arrangements have been made, it is not known as to where the hitch is. It is requested that the money may be made available to the President immediately so that necessary steps may be taken to start the hospital as soon as possible.

The Senior Surgeon may be requested to instruct the District Medical Officer to take charge of the building as the construction is over, and to provide necessary equipment and a doctor in this behalf.
